

super filter backwash cleaner

- removes the oils and crud that clog your filter with just one treatment!
- designed for sand and DE filters.

POWER BLUE SUPER FILTER BACKWASH CLEANER

Power Blue Super Filter Backwash Cleaner removes the oils and crud that clog your filter with just one treatment!

DIRECTIONS FOR USE:

Designed for sand and D.E. filters

1. Turn filter pump off.
2. Remove pump lid.
3. Clean debris from strainer.
4. Pour one full quart into pump basket.
5. Securely replace pump lid and set filter selector valve to backwash position.
6. Turn pump on and be sure pump primes. Run pump for 5-10 seconds or until the first hint of blue appears in the backwash sight glass.
7. Turn pump off so timer can't turn back on. Let set overnight, then backwash as usual.
8. Return to normal filter position.
