JACK'S MAGIC® ALGAECIDE THE YELLOW STUFF®

Jack's Magic® *The Yellow Stuff*® is a powerful all-purpose algaecide. The Yellow Stuff quickly eliminates all types of algae breakouts, and is also a highly effective algae preventative. The Yellow Stuff is safe for all pool finishes and works with all major pool sanitizing systems. Swimming can resume in a few hours.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To remove visible yellow or mustard algae: (All dosages are for 10,000 gallons of water).

1. Brush walls and floor areas affected by yellow algae accumulations.
2. Apply 4 oz. of *The Yellow Stuff* per 10,000 gallons as close to the affected area as possible.
For severe accumulations, double the above dosage.
3. Super-chlorinate by following directions of that product's label.

Swimming may resume a few hours after treatment, or the bromine level is below 4ppm as measured by a bromine test kit.

WEEKLY MAINTENANCE TREATMENT

To prevent accumulation of yellow algae: (All dosages are for 10,000 gallons of water).

1. With water temperature over 80° F, add 4 oz. of *The Yellow Stuff* with one gallon liquid chlorine or 1/2 pound of a dry chlorine.
2. With water temperature under 80° F, add 2 oz. of *The Yellow Stuff* weekly and 1/2 gallon liquid chlorine or 1/2 pound of a dry chlorine.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

CAUTION: AVOID CONTACT WITH EYES, SKIN, AND CLOTHING. HARMFUL IF SWALLOWED.

HARMFUL IF ABSORBED THROUGH THE SKIN. AVOID BREATHING DUST.

Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using toilet.

Remove contaminated clothing and wash separately before re-use.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not contaminate water by cleaning of equipment or disposal of waste. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

Keep product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area, that is inaccessible to small children, away from heat or open flame.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow.

Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: "Probable mucosal damage may contraindicate the use of gastric lavage."
