

Jack's Magic products for the pool service professional

POWER BLUE™

WATERLINE & TILE CLEANER™

Gets rid of even the most sun-baked dirt, greases, oil and scum line around the pool waterline. Works great on vinyl too. Just spray on and wipe off!

SCALE OFF™

Effectively removes calcium scale and efflorescence above the waterline. Removes 2-4 mils of scale per application.

CARTRIDGE & DE FILTER CLEANER™

Degreases and removes all contaminants from cartridge and DE filters in minutes. No overnight soaking required. Simple as spray on & hose off!

Jack's Magic products for the pool service professional

STAIN ID KIT™

The first step in the Jack's Magic Stain Removal Program. Just 4 simple topical tests will identify the right products to remove pool and spa stains. No more guessing!

SURFACE MAGIC™

Quickly clears the pool water's surface of dirt, grass clippings, leaves & other floating debris. Makes clean up easy and cuts down on netting time!

SUPER PACS™

Powerful natural multi-enzyme action breaks down oils, lotions and other common organic contaminants, preventing scum line build-up and dull cloudy water. Highly concentrated- just one 1 oz. Super Pac treats up to 20,000 gallons of pool water for 2 weeks.
